Fab Sponsors from Way Back

They say that you can tell the character of someone by the company they keep. If you sponsor the 2026 Ugly Funkraiser, who would you be keeping company with? If our past, and often repeated, sponsors are any indication - you'd have some pretty spectacular company. Visit our website and take a look below to see some of our past sponsors.

Is this thing any fun? Yeah - umm - if you can't have fun on this night of nights you might want to check your pulse. We need to create a new word for fun to describe this night. Fun-a-Lishious? Fan-Fun-Tastic? Fun-ulous? Fun-bulos? Something like that! Join us.

The 132-bed Golisano Children's Hospital at the University of Rochester Medical Center is the area's only children's hospital. It serves as the referral center for all seriously ill or injured children from the 17-county Finger Lakes region. The hospital is committed to treating all children regardless of their family's ability to pay.

The Golisano Children's Hospital, which opened in 2015 on the University of Rochester Medical Center (URMC) campus, provides our region's children and their families the best possible environment for healing, designed to support Golisano's pediatric patients, including a \$500,000 pledge to name a room in the children's hospital and funds that will help advance the Bright Eyes Fund and Patient Supportive Care Program.
